Mr. Saren Sim

Email: saren.sim@sourceamax.com

Dear Mr. Saren,

I am writing to express my interest in the web intern position at Sourceamax Asia Co.,Ltd, as advertised. With a passion for web development and a strong desire to contribute to innovative projects, I am eager to bring my skills and enthusiasm to your team.

I am currently pursuing an associate degree in WEP programming at Passerelles Numeriques Cambodia, where I have gained valuable experience in both technical skills and also soft skills. Through many projects such as design, Platformer game, Pet shop website, POS System, Booking and delivery food website. Along with these projects, I have honed my technical skills such as Figma, HTML, CSS, SASS, JavaScript, Bootstrap, Tailwind, Python, PHP, MySQL, Node JS, React JS, Vue JS, Laravel, and OOP Concept. Moreover, during those projects, I improved my soft skills, including communication, leadership, problem-solving, flexibility, time management, and task delegation, while using various version control systems such as GitHub and Jira.

One of the reasons I am especially interested in Sourceamax Asia Co.,Ltd, is a Cambodian subsidiary of the French IT group that carries out its activity on web and mobile development and hosting solutions. I admire your commitment to innovation and excellence in delivering high-quality products and services to your clients.

Furthermore, I grow in collaborative environments. Working on group projects excites me because it allows me to learn from my peers and share our collective knowledge and experiences. I am highly motivated to learn and adapt to a fast-paced environment. I grow on challenges and am eager to collaborate with your talented team to create exceptional web experiences for your clients or users.

Thank you for considering my application. I am looking forward to the possibility of discussing how my skills and experiences align with the needs of your team. Please find my resume attached for further details. I am available at your earliest convenience for an interview and can be reached at [087861976](tel:087861976) or via email at mengkorng.ly@student.passerellesnumeriques.org

Faithfully yours,
Mengkorng Ly
